Pleasantville Presbyterian Church on February 10, 2019

Then Jesus said to Simon, “Don’t be afraid; from now on you will fish for people.” So they pulled their boats up on shore, left everything and followed him. — Luke 5:10-11

God's creation is in ecological, environmental, and, arguably, social crisis; how do we respond?

How and where can we care deeply and take action?

How can we engage with others in loving and caring for creation *and* the people in creation by being "caretakers of creation, catchers of humankind?"
